PERSONAL PROFILE

I am a motivated and enthusiastic person aiming to set my mind and work towards it. After my graduation I joined a purpose-driven project in mySecondTeacher.com which has served millions of students through its web and mobile platform. Besides this I have sharpened my analytical and research skills while working with some personal projects. Nowadays, technology is advancing, due to which there will be more things to learn. I believe by pursuing higher education I will be able to master the latest technologies in inter-cultural teams.
